

3.2 Environmental Policy

The Environmental Policy of TCM Civil is as follows:

Introduction

TCM Civil operates in the field of construction of water infrastructure which by its nature may involve environmental aspects that may have environmental impacts that need to be managed for the protection of the environment and the prevention of pollution.

TCM Civil has introduced our Environmental Management System (EMS) providing a systematic and documented approach to the planning and implementation of environmental protection procedures to ensure that our workplaces, work practices, employee's awareness and training meet Australian legislation, standards, industry codes and community expectations commensurate with our operations.

Commitment and Objectives

TCM Civil's commitment and objectives are to ensure:

- The establishment, implementation and maintenance of the criteria and methods required for the effective operation and control of our environmental processes
- The minimisation of the impact on the environment and the prevention of pollution by ensuring our work activities are undertaken in an environmentally sensitive and responsible manner
- The identification of the environmental aspects and significant impacts of our activities which we can control and influence
- Support and assistance is provided to our employees
- Emergency response preparedness and procedures are provided
- The continuous monitoring of and improvement to our EMS and performance and the prevention of pollution through predetermined and auditable objectives and targets
- Compliance with legislative requirements, ISO 14001:2015 Environmental Management Systems and other requirements which relate to its environmental aspects.

Responsibilities and Accountabilities of Management & Employees

TCM Civil's Management is responsible and accountable for:

- The active involvement in the development, promotion and implementation of this Environmental Policy and our EMS procedures
- Ensuring employees are trained in the environmental performance of their assigned tasks
- The provision of resources to meet our EMS commitment

TCM Civil's employees are responsible and accountable for:

- Their personal commitment to the protection of the environment and the prevention of pollution
- The implementation of our Environmental Policy and EMS procedures
- Proactively responding to and reporting environmental issues, risks and incidents.

Consultation and Communication

TCM Civil provides open consultation and communication between management and employees and between management and external interested parties.

This Environmental Policy is communicated to all employees via office and site inductions and notice boards, Project Management Plans incorporating Environmental Procedures and regular toolbox and prestart meetings; it is available to the public, all interested parties and is communicated to our suppliers and subcontractors through our procurement process and site management procedures.

Review

This Environmental Policy will be reviewed annually for suitability, adequacy and effectiveness and when required by changes in legislation, standards, industry codes or company operations.
